Dear David:

As you know, I think the "Complacency is..." column is a very good idea. I wonder if it might not be a good idea to publish, at the same time, a "Complacency is not..." column in THE CARBONDALE NEWS? The idea behind such a column being: Here is an example of what a concerned citizen is doing/has done to make Carbondale a better place in which to live and work.

Perhaps more citizens of Carbondale would be encouraged to be less complacent if they knew that it was possible that their names and/or photographs of their good deeds appear in the newspaper for having made an effort to better the environment in which we, as citizens of Carbondale, live and work.

Sincerely,

S. Robert Powell

P.S. The background research on City Hall is just about completed, and I expect to mail the Pennsylvania Historic Resource Form on City Hall to the Pennsylvania Bureau for Historic Preservation by December 1.
